### NOTICE OF WARNING CONCERNING COPYRIGHT RESTRICTIONS

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specific conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.

SPECIAL REPORT

The Top 500 Design Firms

42 The industry is looking for signs as to when the deep recession will end for construction. However, uncertainty about the markets, the regulatory environment, project financing and the state of the economy have the country's largest design firms worried that recovery may be a long, drawn-out process.

A Voice For Western Mining Since 1938

November 2009

**Cover Story:** Newmont power plant, built by Fluor, wins award **3**

**Mining in the West** **4**

Thompson Creek boosts resources, mine life at Idaho pit • Coeur plans expansion of its Rochester mine • Forest Service delays Rosemont draft EIS • Apollo Gold to sell Montana Tunnels • Santa Fe Gold gets okay to move on Banner Mill • Second Alimak raise gets okay for Hollister • Esmeralda mill project moves on to next phase

**Energy** **10**

Proposed New Mexico coal-fired plant would be one of the cleanest • New Mexico approves in-situ testing for URI's Section 13 project • Firm making software to improve coal burning • Bayswater uranium project in Wyoming gets positive PFS • Uranium Energy to buy South Texas property

**Environment** **12**

Peabody wins inaugural reclamation award from Arizona Mine Inspector • Peabody mines honored as 'good neighbors' • Cemex gets contract to develop technology for cement-plant CCS • Luminant honored for reclamation work • Study says coal with CSS offers best option till 2035

**The Business of Mining** **14**

Ivanhoe, Rio Tinto finally sign off on giant Mongolian mine • Barrick Gold reports highest-ever quarterly cash flow • Focus on containment drives Newmont's costs down 13% • FCX benefits from high volumes at Grasberg and from high prices • Southern Copper benefiting from return of higher prices • Robinson, Carlota copper production on target

Commentary, 2; Ad Index, 6; Mexico, 6; Canada, 7; Latin America, 8; Western Briefs, 9; Directory, 22; Miners in the News, 23; Low Grade, 24

### On the Cover

This 242-megawatt power plant in the Nevada desert, constructed for Newmont Mining Corp. by Fluor Corp., has been awarded the Project Management Institute's 2009 Project of the Year award.
